It is a low-income community whose families struggle with difficult economic conditions, underfunded schools, and a range of other challenges. At the same time there are a variety of local assets on which to build. Hayward is the home of both California State University East Bay and Chabot College—a direct partnership allowing for opportunities to support local students in postsecondary education.

IF I DON'T LIVE IN THE JACKSON TRIANGLE, CAN I STILL PARTICIPATE IN HAYWARD PROMISE NEIGHBORHOOD (HPN) PROGRAMS?
